ABOUT IOF

One of world's premier academic and research institutions, the **International Olympiad Foundation** (IOLYMPIADS LLP) has driven new ways of thinking in academics around the world. It is founded and managed by leading academicians of the world with the aim of making students ready to face any challenge in future at young age. IOF helps to identify a child's capability and real potential that helps in navigating to the top in today's competitive world.

Our Olympiads motivate students to endeavor for better and deeper understanding of facts so as to enhance their reasoning, analytical and problem solving skills. Our Student Performance Analysis Report given to each participant is a detailed 4-page result analysis report card which highlights the strong and weak areas of the participant along with Zonal Rank, National Rank and International Rank.

Every School is given a detailed School Performance and Analysis Report which provides complete information about their student's performances and a comparison with other schools.

IOF Olympiads are objective type examination of 60 minute's duration comprising of:

- **35** Multiple Choice Questions (MCQs) for **Class 1 to Class 5**
- **50** Multiple Choice Questions (MCQs) for **Class 6 to Class 12**

The Online Olympiads are available for all the students from Class 1 to Class 12 in 14 different subjects and applicable to all boards like CBSE, ICSE, State Boards, IB, IGCSE, ISC etc. for a nominal fee of:

- Rs. 150 for each Olympiad for students studying in schools in India (with a discount of 20% on selecting 5 or more Olympiads).
- USD 8 for each Olympiad for students studying in schools outside India.
- FREE for Indian students whose parent was martyred during defence operation.

Some of the unique features of our Olympiads:

1. Suitable for all boards like CBSE, ICSE, ISC, IB, IGCSE and State Boards.
2. Medium of examination is English except for Hindi & Sanskrit Olympiads.
3. Separate Questions Papers for each class as per syllabus.
4. Most advanced Online Platform for Schools and Student Registrations.
5. Most advanced Online Examination Platform with latest Anti Cheating features like:
 - Webcam proctoring by auto-image capture
 - No-Tab switching during the examination on browser to restrict navigation to search engines during examination
 - Full Screen Mode to restrict focus to examination window
 - For every student, each question and its responses are shuffled to make sure no two students get identical question paper
 - Robust and secure servers
 - Easy to use and user friendly online examination system

Olympiads 2026-27

Registration Process For Schools

Schools can register for FREE on our most advanced Olympiad portal at <https://www.iof.education/schools>

Registration on our portal gives following benefits to schools:

1. Anytime & anywhere access to every year's Olympiad data for your school at one place.
2. Full access to see all the students registered for various IOF Olympiads.
3. Facility to register students in bulk using excel sheet.
4. Full access to payment data of your school.
5. Full access to result of entire school.
6. Premium Customer Support from IOF.
7. Schools can forward the registration link to students for registering themselves while they still can see all the directly registered students on portal.
8. Every School is given a detailed School Performance and Analysis Report which provides complete information about their student's performances and a comparison with other schools.

Registration Process For Students

Students can directly register on our portal at <https://www.iof.education/students>

Benefits of direct registration by students:

1. Students can register themselves and make the payment online.
2. Students can Login to portal anytime after registration and view their profile information like Username, Password and Link for Online Olympiad.
3. Students can view all the information like Date, Time, Result etc. on portal.

Benefits of Olympiads for Students:

Enhanced Knowledge: Olympiads cover topics that are not usually included in school curriculums. This helps students broaden their knowledge and gain a deeper understanding of various subjects, such as science, mathematics, and computer science.

Improved Analytical and Logical Skills: Olympiad exams are designed to test a student's analytical and logical skills. By participating in these exams, students can improve their ability to solve problems and think critically.

Boost in Confidence: Participating in Olympiads can boost a student's self-confidence, especially if they perform well. This can motivate them to pursue their interests and achieve greater success in the future.

Opportunity for Recognition: Olympiad winners are often recognized by schools, Winning an Olympiad can provide students with a sense of accomplishment and open up new opportunities for scholarships and other awards.

Exposure to Competition: Olympiads expose students to healthy competition and provide them with an opportunity to compare their performance with their peers. This can help them identify their strengths and weaknesses, and motivate them to improve.
